

Monday March 5th, 2018

AGENDA

Time	Peninsula Ballroom	Session	
5:00 - 7:00 PM	Welcome Networking Reception (All registrants invited)		
<b>Tuesday March 6th, 2018</b>			
Time	Session	Plaza Ballroom	Speaker(s)
8:00 - 8:45 AM	BREAKFAST		
8:45 - 9:00	Opening Session: Welcome - Schedule of Events		
9:00 - 9:40	Keynote #1	Identify at its Core: Empowering Consumers Online	Didier Serra - EVP SecurityKey
9:40 - 10:20	Keynote #2	The Story of one device - Securing IoT devices outside the perimeter	Ezy Dagan - CEO SecurHings
10:20 - 10:30	MORNING BREAK		
10:30 - 11:15	Keynote #3	Fog Computing for Securing the IoT	Dr. Tao Zhang - CTO Smart Connected Vehicles Cisco
11:15 - 12:15	Panel Discussion	IoT Security and Secure Payment Transactions	Nancy Zayed, CTO & Co-Founder - Magic Cube; Chris Williams, Sr. Associate - Exponent; Mansour Karimzadeh, CEO - Secure Payments Academy; Ashij Solanki, Founder Whiteboard Ventures
12:15 - 1:15	NETWORKING LUNCH		
1:15 - 2:00	Keynote #4	Smart Choices Securing IoT Devices with Smart Cities	Kimberly Calhoun, CEO & Founder - CAP Science Labs
2:00 - 2:40	Keynote #5	Scaling IoT with Secure Device Onboarding	Jennifer Gilburg - Sr. Dir. of Strategy, IoT Security - Intel
2:40 - 3:20	Keynote #6	Demystify IoT Security Recommendations across industries	Minglang Pei - CTO of IoT and Identity - Symantec
3:20 - 3:45	AFTERNOON BREAK		
Peninsula Ballroom	Track 1 - Consumer IoT	Track 2 - Industrial IoT	
3:45 - 4:30	Marcia Avilez, SVP - Cofe, Home Security Powered by Artificial Intelligence	Mark Heam, Dir. IoT Security - Irdeto, The Spread of Cyberthreats: How Hackers Are Connecting with Your Organization	Suri Vallankonda, FS
4:30 - 5:15	Joe Tillson - Silicon Labs, Security Tradoffs and Commissioning Methods for IoT Wireless Protocols	Francois Le, CEO - IotBEAM, Securing low complexity IoT Sensors and Devices: Constraints and Design Considerations	Prof. Nabil Hassen El Kadhi, Vice Chancellor/President - U of Barakati, Smart Cities Security Aspects: Technical Challenges or Geo-Legal Dilemma
5:15 - 7:00	EVENING RECEPTION		

Wednesday, March 7

Peninsula Ballroom I, II, & III

Time	Track #1 Policy, Healthcare & Consumer Security	Track #2 Smart Cities & Cars, Secure Technology	Track 3 Embedded Security
8:00 - 8:45	NETWORKING BREAKFAST		
8:45 - 9:30	Sampo Karvonen, IoT Solutions, Technologist Thoughtworks, Security on the Edge: Securing sub \$5 IoT devices	Rajat Ghosh, CEO & Founder - AdeptDC, Data Center Asset Management Through Granular Visibility into Equipments and AI-Based Cooling Controls	Jeff Finn, CEO - Zvelo, For IoT Manufacturers, Securing Smart Devices Requires Smarter Partnerships
9:30 - 10:15	Julie Lewis, CEO - Digital Mountain, Digital Forensics of IoT Devices: Challenges and Opportunities in a Dynamic Landscape	Mansour Karimzadeh, CEO - Secure Payments Academy, Fraud Prevention Employing New Algorithms for Big Data Analytics	Didier Perrot, CEO & Founder - InWebo, Access Security for the IoT: Why MFA is not enough, and approaches to extend it
10:15 - 10:30	MORNING BREAK		
10:30 - 11:00	May Wang, CEO - Zingbox, Threat Report on IoT Medical Devices	Aditya Sood, Dir. Cloud Security - Symantec, Empirical Analysis of IoT Botnets!	Ravi Prasad, Sr. Dir. Product Security - FS, Building a Business Model for IoT
11:00 - 12:15	Round Table: Network Connected Medical Devices Security	Moderator: David Snyder, President, 42TEK	Bill Saltzman, President - Code Blue Consulting, Peyton Paulick Kochel, Prod Mgr - Proteus, Eric Pancoast, CTO - Medcrypt
12:15 - 1:15	NETWORKING LUNCH		
Time	Track #1 Policy, Healthcare & Consumer Security	Track #2 Smart Cities & Cars, Secure Technology	Track #3 Embedded Security
1:15 - 1:55	Gene Paschall, VP Sales Americas - Randtronics, IoT Data at Rest Security - Live, Encryption and De-identification	Steve Bruner, Partner 151 Advisors, Monetizing Smart Cities & Secure Technology	Rao Cherukuri, Chief Technology - Officer Device Authority, IoT Security - Redefining Cybersecurity
1:55 - 2:35	Lan Jenson, CEO - Adaptable Security, Securing the IoT with the Ultimate Power of the Society	Dr. Qasid Ali, President - Future Cities Council, More Secure Future Cities Through Secure IoT	Mark Szwarczewski, IoT Security Architect - Zimperium, On-Device, Mobile Threat Detection Leveraging AI
2:35 - 3:15	Ruwan Weterasna, CEO - Evo Monitors, A Systematic Approach to Securing a Linux-based Consumer IoT Device	Joshua Knowles, Chief Marketing & Strategy - Silent Circle, In the Pursuit of Convenience, We Sacrifice Privacy: IoT-Powered Assistants	Steve Watson, Founder - VTD, Answering Cybersecurity and Investigation Questions from Embedded Technology Devices
3:15 - 3:30	AFTERNOON BREAK		
3:30 - 4:15	Ahsan Habib, Consultant, Open Source IoT Detection	Jay Mason, Assoc. Partner IoT & Cybersecurity - M&S Consulting, Security Approaches of Industrial IoT Platforms	David Wiszkowski, Executive Director - Joint Venture Silicon Valley, Global City Teams Challenge 2018: IoT Cybersecurity
4:15 - 5:00 PM	Rao Cherukuri, Co-Founder & CTO - Device Authority, Security is simply too important to be treated as an afterthought in the IoT	Round table - The Future of IoT and the Security Needs - Moderator: Steve Bruner, 151 Advisors, Panelists: Mark Heam, Irdeto; Julie Lewis, Digital Mountain	
5:00	WRAP UP & ADJOURN
